- ▶ Mechanical image stabilisation
- ▶ 6.9-cm (2.7-inch) wide-screen TFT colour display
- ▶ HD video recording

ADDITIONAL FEATURES

Dynamic Photo Function

With the Dynamic Photo Function, you can cut a motif out of a photo which has just been taken and use another photo as background.

Make-up Shot

The EXILIM EX-Z270 also features a Make-up Shot Function for especially appealing portrait photographs. The outstanding image processing makes the skin on faces appear smoother and softens facial shadows caused by illumination.

Multi-motion function

The BEST SHOT function Multi-Motion-Image enables you to capture a movement sequence in just one single photo.

Face detection function

The Face Detection function now offers the perfect solution, recognizing the individual faces or even entire groups, and automatically applying the best possible setting.

BEST SHOT motif programmes

To ensure that all your photos and movies are a success from the start, the EX-Z270 comes with 39 flexible presettings for a wide range of situations.

The **EXILIM Zoom EX-Z270** is available to buy from specialist dealers, shopping centres, electrical goods stores and all good shops.
