ADDITIONAL FEATURES

EXILIM Engine 4.0

Backlight, portrait and night scenes or faced with difficult light conditions – the new image processor EXILIM Engine 4.0 reduces energy consumption by almost 30% and masters these challenges admirably.

Dynamic Photo Function

With the Dynamic Photo Function, you can cut a motif out of a photo which has just been taken and use another photo as background.

Make-up shot function

Simply press the Make-up Shot Button and the Make-up Shot Function visibly smoothes skin and reduces shades caused by strong sunlight and bright light conditions.

Auto Shutter Function

The Auto Shutter Function is activated automatically as soon as the camera is stable enough to guarantee optimal photos.

The **EXILIM Zoom EX-Z400** is available to buy from specialist dealers, shopping centres, electrical goods stores and all good shops.
