

EXILIM EX-G1

EXILIM G

HIGHLIGHTS

Shock resistant

Whether free climbing, mountain biking or snowboarding – the EX-G1 can keep up with the action without being damaged.

Waterproof and dust-proof

From a brief sortie outdoors to a major adventure, the EXILIM EX-G1 is in on the action, allowing you to take home some impressive photos.

Ultra-slim G design

Even in the urban jungle, the EX-G1 is in its element. It fits into any pocket, is quickly operational and can be put away again just as fast. The case is just 19.9 millimetres thin.

12.1 megapixels

The EX-G1 CCD chip offers an amazing 12.1 megapixels. The camera delivers crystal-clear and extremely detailed photos.

3x internal optical zoom

The EX-G1 is exceptionally slim and compact and yet boasts a 3x optical zoom.

Improved Dynamic Photo function

Thanks to the new Dynamic Photo function, you can not only cut out subjects from an image series and insert them into other pictures, but you can also then combine these photos with funny animations.

Wide Movie Shooting

Wide Movie Shooting lets you film movies in 16:9 wide screen format.

The EXILIM G EX-G1 is available to buy from specialist dealers, shopping centres, electrical goods stores and all good shops.
