

EXILIM EX-H15

EXILIM
Hi-ZOOM

HIGHLIGHTS

1000 pictures on one battery charge

Have you ever set up the perfect photo only to find that your battery is empty? Moments such as these are so irritating — but they can be avoided.

24 mm wide-angle lens

Whether for landscape photos, tourist sights or group pictures in confined spaces, the 24 mm wide-angle lens makes the EX-H15 your perfect companion whatever the occasion.

10x optical zoom with mechanical image stabiliser

It's easy to zoom in on those special moments: the 10x optical zoom can bring even the most distant subjects right up close, while the mechanical image stabiliser automatically reduces blurring.

EXILIM Engine 5.0

The digital brain of the EXILIM camera is the EXILIM Engine 5.0. This innovative image processor functions according to a completely new concept to achieve particularly bright colour reproduction, high image quality and quick response times.

Premium Auto mode

Portrait, landscape, night or backlight photography: you will be able to take the most amazing photos with the EXILIM Hi-Zoom EX-H15 even in poor lighting conditions. The highlight.

HD video recording

The HD video recording feature on the EXILIM EX-H15 allows you to shoot high-resolution and detailed videos with a resolution of 1280 x 720 pixels .

14.1 megapixels

Within its compact and elegant housing, the EX-H15 hides 14.1 megapixels, which don't just give you spectacular photos but also ensure outstanding detail.

The EXILIM Hi-Zoom EX-H15 is available to buy from specialist dealers, shopping centres, electrical goods stores and all good shops.
